## Generalist, Strategic Advisor, Consultant and Project Manager

### Profile

Dr. Ioannis M. Theologitis (born in 1956) is an accomplished **senior management consultant**. In his over 35 years of professional experience, Dr Theologitis has focused on international **financial and strategic consultancy** as well as **housing development projects**. As a result of a long-standing professional career working at senior level, Dr. Theologitis offers an excellent know-how extending over a wide **global network** of financial institutions and investors.

Dr. Theologitis possesses outstanding market competences; as a reliable **project manager** and **team leader** for **housing projects** in Greece, in the overall tourism context, focusing on the restoration of stone mansions and historic settlements. His leadership style is marked by highest **integrity** and far-reaching expertise in leading **international projects and teams**. In addition, Dr. Theologitis is particularly dedicated and socially committed to the history and the preservation of the **cultural heritage of Greece**.

### Financial and Strategic Consultancy

Since 1987 Dr. Theologitis has been working as an **independent consultant** advising substantial business families, institutions, and organizations in the international **financial sector**, through his core competences and solid experience in **strategic financial issues**.

Dr. Theologitis initiated a decade ago a unique long-term association involving investors, banks and financial services providers, in a transatlantic cooperation (GR-CH-USA), where he continues to maintain a leading role. Dr Theologitis possesses strong expertise and in-depth knowledge of the overall world environment, acquired through his involvement with numerous **research and consulting projects**, focusing on global socio-economic, political, cultural, demographic change, as well as geopolitical and geostrategic issues and their impact on international business development.

In his earlier career stages, Dr. Theologitis held different local and international positions at multinational companies. He has gained experience in a wide range of disciplines in technical and commercial management positions in diverse business sectors, from the automotive industry to tourism, housing development to financial services.

### Project Management: Housing and Tourism Development

As an independent **technical and economic consultant**, Dr. Theologitis has been acting for several years as a **business development advisor** for tourism and housing projects in Greece. The organizational planning and the attainment of **EU related funding** for the restoration of substantial parts of the 11th century old *Holy Monastery of the Assumption* on Mount Kechrovouni, Tinos Islands, Cyclades, is one of the accomplished projects.

As a consultant and project manager, Dr. Theologitis has been responsible for the development of a unique business concept for Greece, relating to the restoration of **desolated historic settlements** and their integration into exclusive tourism resorts, especially on Tinos Island/Cyclades and in other unique locations in Greece.

### Personal

Dr. Theologitis supports his personal goals by actively participating in numerous local and international **civic, scientific, and cultural organizations**. He is a determined **promoter and initiator** of activities aimed at protecting and preserving the **history, culture, and the Orthodox tradition of Greece**.

Dr. Theologitis holds a Ph.D. in Transportation Planning - Civil Engineering from the University of London (1982) and is the editor and author of several articles, publications, and books e.g. *The IMTe Reports*, or *The Essays of Warren Buffett Lessons for Corporate America* by Lawrence A. Cunningham, where he managed the publication of the Greek version and authored the introductory chapter. In addition to his native language Greek, Dr. Theologitis speaks English and German fluently. He lives (married and with 2 children) in Palaio Faliro, Attica and on Tinos Island, Greece.
